Merrill Warkentin is a William L. Giles Distinguished Professor at Mississippi State University where he serves as the James J. Rouse Endowed Professor of Information Systems in the College of Business. He has published over 400 manuscripts, including 120 peer-reviewed articles in scientific journals and 7 books. In 2018, he was named an ACM Distinguished Scientist and in 2023, he was named an AIS Fellow. His research has been cited over 18,500 times and his H-index is 53, according to Google Scholar in 2023. A study by Stanford University identified Dr. Warkentin as one of the "Top 2% of Scientists" in 2021 and 2022, based on the impact of his research. He consistently ranks among the 30 most prolific MIS scholars in the world (ranked by publications in the AIS Senior Scholars list of leading journals) and is among the 100 most cited IS scholars of all time globally (ranked by h-index). His research investigates the impacts of organizational, contextual, and dispositional factors on individual user behaviors in the context of information security and privacy (as well as security policy compliance/violation, social media use, electronic collaboration and eGovernment). It has appeared in *MIS Quarterly*, *Journal of MIS*, *Journal of the AIS*, *European Journal of IS*, *Information Systems Journal*, *MIT Sloan Management Review*, *Decision Sciences*, *Information & Management*, and others and his research has been featured in the *Wall Street Journal* and other news outlets.

Dr. Warkentin's leadership at scholarly journals includes past service as Senior Editor at *MIS Quarterly* and the *AIS Transactions on Replication Research*, and as the Eminent Area Editor for *Decision Sciences*. He is currently the Editor-in-Chief of the *Journal of Intellectual Capital*, a member of the Editorial Review Board (and Guest Senior Editor) for the *Journal of the AIS* and *Information and Computer Security*, an Associate Editor for *Information & Management* and the *Journal of Information Systems Security*, and a member of the Editorial Advisory Board for the *Journal of Knowledge Management* and the *Journal of Computer Information Systems*. He has previously served as AE at *MIS Quarterly*, *Information Systems Research*, *Decision Sciences*, *European Journal of Information Systems*, and others, and has held other editorial positions for other journals, for ICIS, and for other academic venues.

He was Program Co-Chair for the Americas Conference on Information Systems (AMCIS2016, San Diego) and has held leadership positions for numerous international IS conferences, including Track Chair for Security & Privacy at AMCIS2015 (Puerto Rico), ICIS2013 (Milan), ECIS2012 (Barcelona), and DSI2008; Program Chair for WISE2007, WISP2009, and IFIP 2009; AE (Security) at ICIS four times; Track Chair at DSI three times; and Program Committee member of over two dozen international conferences (ICIS, IFIP, WISP, WEB, WITS, ICEIS, ASIA, etc.). He served three years as Vice President for Publications of Decision Sciences Institute (DSI), and for three years on the AMCIS Executive Committee. He has Guest Edited several journal special issues, including two issues of *EJIS*.

Dr. Warkentin co-founded (in 2009) the International Federation for Information Processing (IFIP) Working Group on Information Systems Security Research (WG 8.11 / 11.13) and served as its Chair from 2012-2015 and now serves as its Senior Advisor. He was awarded its "Outstanding Leadership Award" on Oct. 3, 2015 for "Exemplary service and dedication to the Dewald Roode Information Security Workshop." Dr. Warkentin was recognized with the 2017 IFIP Outstanding Service Award by the IFIP General Assembly.

Dr. Warkentin has served as a consultant to numerous organizations and has been a featured speaker at over 300 industry association meetings, executive development seminars, and academic conferences. He has conducted cybersecurity training for NATO and others, has been a Lecturer at the Army Logistics Management College, and was named a "National Distinguished Lecturer" by the Association for Computing Machinery (ACM). He has been a visiting professor or invited speaker at over 30 universities around the world, including Univ. of Georgia, Georgia State, Indiana, LSU, Florida State, Clemson, USF, Copenhagen Business School, HEC-Montreal, McMaster, Fudan, Oulu, Jyväskylä, Zhejiang, Cape Town, Tongji, and Xi'an Jiaotong University. He has earned various recognitions for his teaching at every level from intro Freshman courses to doctoral research seminars. His research has been funded by the UN, NATO, NSF, IBM, NSA, DoD, US Navy, Homeland Security, and others. He can be reached at m.warkentin@msstate.edu and www.MISProfessor.us..
