Merrill Warkentin is the James J. Rouse Professor of Information Systems in the College of Business at Mississippi State University, where he is also a member of the research staff of the Distributed Analytics and Security Institute (DASI). He has published about 300 manuscripts, including over 75 peer-reviewed journal articles, plus seven books. His work has been cited almost 12,000 times and his H-index is 30, according to Google Scholar in mid 2017. He has been ranked among the top IS scholars in the world based on rankings of authors publishing in the AIS Senior Scholars Basket of six leading MIS journals. His research, on the impacts of organizational, contextual, situational, and dispositional factors on individual user behaviors in the context of information security and privacy, addresses security policy compliance/violation and social media use (and formerly also on electronic collaboration systems and eCommerce/eGovernment), has appeared in such journals as *MIS Quarterly*, *Decision Sciences*, *Journal of MIS*, *Journal of the AIS*, *European Journal of Information Systems*, *Information Systems Journal*, *Decision Support Systems*, *Information & Management*, *Journal of Information Systems*, *Communications of the ACM*, *Communications of the AIS*, *The DATABASE for Advances in Information Systems*, *Computers & Security*, *Information Resources Management Journal*, *Journal of Organizational and End User Computing*, *Journal of Global Information Management*, *Information Systems Frontiers*, *Journal of Computer Information Systems*, and others.

Dr. Warkentin's leadership at scholarly journals includes service as Senior Editor at *MIS Quarterly* and (currently) at the *AIS Transactions on Replication Research*. He is also the Eminent Area Editor for MIS for *Decision Sciences*. He is currently an Associate Editor (AE) of *Information & Management* and the *Journal of Information Systems Security*, and has previously served as AE at *MIS Quarterly*, *Information Systems Research*, *Decision Sciences*, *European Journal of Information Systems*, *Information Resources Management Journal*, and other journals.

He was Program Co-Chair for AMCIS2016 (San Diego) and has held leadership positions for numerous international IS conferences, including Track Chair for Security & Privacy at AMCIS2015 (Puerto Rico), ICIS2013 (Milan), ECIS2012 (Barcelona), and DSI2008; Program Chair for WISE2007, WISP2009, and IFIP 2009; AE (Security) at ICIS four times; Track Chair at DSI three times; and Program Committee member of over two dozen international conferences (IFIP, WISP, WEB, WITS, ICEIS, ASIA, etc.). Dr. Warkentin co-founded (in 2009) the International Federation for Information Processing (IFIP) Working Group on Information Systems Security Research (WG 8.11 / 11.13) and served as its Chair from 2012-2015, and was awarded its "Outstanding Leadership Award" on Oct. 3, 2015 for "exemplary service and dedication to the Dewald Roode Information Security Workshop." He served as Vice President for Publications of Decision Sciences Institute (DSI) for three years, and currently serves on the AMCIS Executive Committee. He has Guest Edited several journal special issues, including two issues of *EJIS*.

Dr. Warkentin has served as a consultant to numerous companies and organizations, and has been a featured speaker at over 300 industry association meetings, executive development seminars, and academic conferences. He has conducted cybersecurity training for NATO and others, has been a Lecturer at the Army Logistics Management College, and was named a "National Distinguished Lecturer" by the Association for Computing Machinery (ACM). He has been a visiting professor or invited speaker at over 25 universities around the world, including Georgia State, Indiana, LSU, Florida State, Clemson, Kennesaw State, USF, Copenhagen Business School, McMaster, Fudan, Oulu, Jyväskylä, Zhejiang, Cape Town, and others. He has earned various recognitions for his teaching at every level from intro Freshman courses to doctoral research seminars – his primary focus has been teaching Systems Analysis classes and Research Design seminars. His research has been funded by the UN, NATO, NSF, IBM, NSA, DoD, US Navy, Homeland Security, and others. He was previously on the faculty at George Mason University and held the Reisman Research Professorship at Northeastern University in Boston, where he was also the Director of MIS and eCommerce programs at both the graduate and undergraduate levels. Professor Warkentin's Ph.D. in MIS is from the University of Nebraska-Lincoln. He can be reached at m.warkentin@msstate.edu and www.MISProfessor.us.
